Thank You

The Virginia Gay Healthcare Foundation Board of Directors thanks you very much for including Virginia Gay Hospital and Clinics in your charitable giving this Christmas season.

It’s very gratifying to live in an area where generosity and compassion for others is so evident. “Thank you” seems inadequate as an expression of appreciation for what you do for others but please understand that we are very thankful for what you have given.

Your gift, combined with the gifts of many others, enables the healthcare professionals that work at the hospital and clinics to do their job in an increasingly effective and efficient manner. Your gifts help us stay on the leading edge of rural health care in Iowa.

If it wasn’t for the generous support of people like you, we wouldn’t be able to provide the wide range of services that we are currently able to and we wouldn’t have the outstanding facilities that enable us to provide these services. Please know how appreciative we have been for your donations in the past and we hope that you will continue your support in the future.

We sincerely hope that your Christmas was a wonderful one and that your New Year will be everything you’re hoping for.

Thank You!
